DETAILED ACTION

Allowable Subject Matter

1. Claims 1-13 are allowed over the prior art of record allowed.

Response to Arguments

2. Applicant's arguments filed August 5, 2005 have been fully considered but they are not persuasive.
3. Applicant argues Masubuchi does not disclose means for reducing lateral motion of the button and means for reducing wobble of the button, as claimed in claim 14 and 15, respectively.

The examiner respectfully disagrees. Given the claimed means function limitations their broadest reasonable interpretation, an alignment post 8 of Masubuchi indeed performs "means for reducing lateral motion" and/or "means for reducing wobble."
